## Director's Message

Hello EU Families!

I want to thank you all for coming on to our virtual concert last week. I can't express to you how proud I am of all of our students and the work they put in to make the performance happen.

We are working on some plans for Quarter 4 that will hopefully allow those students who are able to return to campus an opportunity to participate in. With the coming return of small in person groupings I am confident that we will be able to get some things going in preparation for the Fall 2021 season!

I want to wish all of our EU members a great start to the week. We are just one short week away from a much needed Spring Break. You got this!

Mr. Hernandez

## Interesting Fact of the Week - Women's History Month

- The first Women's History Day was held in 1909
- The day became Women's History Week in 1978.
- In 1987, it became Women's History Month.
- Every Women's History Month has a theme – this year it is "Valiant Women of the Vote: Refusing to Be Silenced".

We owe a lot in our lives to the great and powerful women that have been pioneers and trail blazers in the fight for equality. We also owe a lot to the many women in our own lives who have been guiding forces in our life. While the month only serves as a reminder, we should always remember and honor those great women who have left their mark in our world, whether in the Arts, Politics, Science, or otherwise!
